**Big Life Enterprises** provides advice, employment and training opportunities for people who face barriers to work.

**skills2build** employs apprentices who learn a range of skills - cleaning, house and garden maintenance, fencing, painting and decorating. Our Partington Job Shop has an IT suite for local people to conduct job searches and hosts regular advice drop-in sessions.

**Big Life Enterprises** has secured the contract to deliver **Working Well** – a service which supports people with health needs to progress towards employment by helping them access a range of services. Working Well is an innovative pilot commissioned by the Department for Work and Pensions and the Association of Greater Manchester Authorities (AGMA) for people who have reached the end of their two years on the work programme and are not in employment. The service will be developed throughout 2014.

**24** finished their traineeship.

**20** found employment within 6 months of finishing.

**78%** of trainees got a qualification before they left.

***“...it's changed my life, going from troublesome young lad to them putting me in a job, keeping me out of trouble. Fair enough, I've been in prison, it's not something I'm proud of, but I've changed my life. From having a criminal background, I now have a job. I've been in it eight months now, I've done my English, my maths, it has given me things that I need in life.”*** Callum, Skills2Build Trainee
