

Domestic Abuse help and support during the Covid19 outbreak

We know that if you are currently experiencing or have experienced domestic abuse you might be worried about self-isolating with someone who is harming you.

If you know a family member or friend who is living with domestic abuse, self-isolation may mean they are spending more time with an abusive partner and will not be able to access their usual means of support.

It's important to know that you and they are not alone and we can all look out for the most vulnerable people in our communities and remain vigilant. If you are in immediate danger, or you suspect someone is in immediate danger please call 999 and ask for the police.

Local Domestic Abuse services in Manchester are **still operating and delivering support**. You can contact them on:

Manchester Women's Aid:

Phone 0161 660 7999 or email referrals@manchesterwomensaid.org
